8. PLANNING DECISIONS

Week ending 30th November 2018

Application No: P/01102/18

Location: Flat 5, 42 George Street, Ryde, Isle Of Wight, PO332EN
Parish: Ryde Ward: Ryde North West
Proposal: Lawful Development Certificate for installation of replacement windows
Decision: Granted Plan Permission (or issue Cert)

Week ending 7th December 2018

Application No: P/01122/18

Location: 21 The Strand, Ryde, Isle Of Wight, PO331JF
Parish: Ryde Ward: Ryde North East
Proposal: Proposed replacement roof of existing single storey side extension; altered/replacement glazing; flat and pitched roof glazing to sunroom extension; formation of new window on south east elevation; existing vehicle access gate to be widened
Decision: Granted Plan Permission (or issue Cert)

Application No: P/01135/18

Location: 30 Union Street, Ryde, Isle Of Wight, PO33
Parish: Ryde Ward: Ryde North West
Proposal: Change of use of ground floor from retail (Class A1) to restaurant (Class A3)
Decision: Granted Plan Permission (or issue Cert)

Application No: P/00996/18

Location: Flats 3 and 5 Sutherland Lodge, East Hill Road, Ryde, Isle Of Wight, PO331LU
Parish: Ryde Ward: Ryde North East
Proposal: Installation of upvc windows
Decision: Refuse Plan Perm (or not issue Cert)
Reasons:

The information submitted with the application is insufficient to determine the impact of the proposed replacement uPVC windows on the character and appearance of the conservation area. The existing windows are considered to be an attractive feature of the building and make a positive contribution to the character and appearance of the conservation area. The proposed replacement of the existing timber windows in uPVC is therefore

considered to conflict with policy DM2 (Design Quality for New Development) and DM11 (Historic and Built Environment) of the Island Plan Core Strategy. The proposal also fails to take into account the guidance contained within paragraph 189 and 190 of the National Planning Policy Framework and does not reflect the requirements of section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Application No: P/01043/18

Location: land adjacent 91 and rear of, 89 and 91, Marlborough Road, Ryde, Isle Of Wight, PO33

Parish: Ryde Ward: Ryde East

Proposal: Proposed detached dwelling; one pair of semi-detached dwellings; associated parking and access

Decision: Granted Plan Permission (or issue Cert)

Week ending 14th December 2018

Application No: P/01172/18

Location: 67 St. Johns Road, Ryde, Isle Of Wight, PO332RW

Parish: Ryde Ward: Ryde South

Proposal: Demolition of porch and covered area; proposed single storey side extension

Decision: Granted Plan Permission (or issue Cert)

Application No: P/01011/18

Location: land rear of, 2-12 Nelson Street, Ryde, Isle Of Wight, PO33

Parish: Ryde Ward: Ryde North East

Proposal: Demolition of garages 8 & 9; proposed dwelling with garage

Decision: Refuse Plan Perm (or not issue Cert)

Reasons:

- 1) *The proposal, by reason of its position, size, scale, design and appearance would be a visually intrusive and cramped development, out of character with surrounding buildings and would fail to preserve and enhance the setting of surrounding listed buildings and the character and appearance of the designated Conservation Area contrary to the aims of policies DM2 (Design Quality for New Development) and DM11 (Historic and Built Environment) of the Island Plan Core Strategy, the National Planning Policy Framework and Sections 66 and 72 of the Town and Country Planning (Listed Buildings and Conservation Areas) Act 1990.*
- 2) *The proposal, by reason of its position, size, scale, design and external appearance would be a visually intrusive and cramped development that would result in a serious loss of light to, and outlook from, neighbouring properties and would result in an increased sense of enclosure and overlooking for neighbouring residents, to the detriment of the amenities and living conditions of neighbouring residents and contrary to the aims of policy DM2 (Design Quality for New Development) of the Island Plan Core Strategy and the National Planning Policy Framework.*
- 3) *The proposed, by reason of its position close to the boundaries of the site and neighbouring buildings, and its size, design and cramped*

appearance, would result in a poor living environment for future occupants of the development and

would fail to provide a good level of amenity for future occupants, in particular in terms of a lack of outdoor amenity space, contrary to the aims of policy DM2 (Design Quality for New Development) of the Island Plan Core Strategy and the National Planning Policy Framework.

- 4) *The application site is located within the Solent Special Protection Area (SPA) buffer zone and the proposal has the potential to result in increased recreational disturbance to the interest features of the Solent SPA alone and in combination with other development projects. To mitigate for these potential impacts to the Solent SPA, the applicant is required to enter into a planning obligation under Section 106 of the Town and Country Planning Act 1990 (as amended) to secure a contribution from the development towards the Solent Recreation Mitigation Strategy. In the absence of such an obligation or any other proposed measures to mitigate for these potential impacts, it is considered that the proposal would be contrary to the aims of policy DM12 (Landscape, Seascape, Biodiversity and Geodiversity) of the Island Plan Core Strategy and the National Planning Policy Framework.*
- 5) *The proposal would result in the loss of two off-street parking spaces in an area where there is insufficient space to accommodate the resident parking demand on-street and is therefore contrary to the aims and objectives of policies DM2 (Design Quality for New Development) and DM17 (Sustainable Travel) of the Island Plan Core Strategy.*

Application No: P/01171/18

Location: 16 Newport Street, Ryde, Isle Of Wight, PO332QB

Parish: Ryde Ward: Ryde North West

Proposal: Proposed single storey extension with roof terrace

Decision: Refuse Plan Perm (or not issue Cert)

Reasons:

The proposal would be an overdevelopment of the application site and result in an incongruous extension in the context of the street scene. It would be overbearing upon the neighbouring dwelling no.13, and result in an unneighbourly form of development to the detriment of this neighbouring dwellings amenity. The roof terrace would cause significant overlooking and loss of privacy upon the surrounding dwellings numbered 13, 39 and 40 Newport Street. The proximity of the terrace to the first floor windows of these neighbouring dwellings would result in an unacceptable loss of amenity. Therefore, the proposal would not be in accordance with Policy DM2 (Design Quality for New Development) of the Island Plan Core Strategy.

Week ending 21st December 2018

Application No: P/00826/18

Location: Beldornie Tower, Augusta Road, Ryde, Isle Of Wight, PO333AU

Parish: Ryde Ward: Ryde North West

Proposal: Proposed alterations to approved kitchen extension; single storey extension on west elevation to form pantry and store

Decision: Granted Plan Permission (or issue Cert)

Application No: P/00827/18

Location: Beldornie Tower, Augusta Road, Ryde, Isle Of Wight, PO333AU

Parish: Ryde Ward: Ryde North West

Proposal: LBC for proposed alterations to approved kitchen extension; single storey extension on west elevation to form pantry and store

Decision: Granted Plan Permission (or issue Cert)

Application No: P/00916/18

Location: land adjacent 22 and, rear of 12, 14 and 16, Marlborough Road, Ryde, Isle Of Wight, PO33

Parish: Ryde Ward: Ryde East

Proposal: Outline for 5 dwellings with garages; detached garage; access road (revised plan) (revised description) (readvertised application)

Decision: Refuse Plan Perm (or not issue Cert)

Reasons:

The proposal, by virtue of its layout and density would result in a direct loss of trees and pressure to remove further trees in the future, resulting in the loss of an unacceptable level of high amenity trees protected by an Area Tree Preservation Order. It is considered that the resultant loss of these trees would have a detrimental impact on the wider area, the character and appearance of the Ryde, St. John's Conservation Area and the setting and character of the Grade II Listed Buildings 14 and 16 Marlborough Road. As such, the proposal is considered to be contrary to policies SP5 Environment, DM2 Design Quality for New Development, DM11 Historic and Built Environment and DM12 Landscape, Seascape, Biodiversity and Geodiversity of the Island Plan Core Strategy.
