

RYDE TOWN COUNCIL

Notice of Motion To: Meeting of the Full Town Council – 4th November 2019

Proposer: Councillor Karen Lucioni

Proposal: That the Town Council Establish a Facilities and Assets Management Committee

Proposal By Way of Notice of Motion

To resolve that as this council has grown, taking on more services and assets, there is a need for greater oversight.

Best practice would to establish a facility and asset management committee to oversee this portfolio. This would be a proactive forum to plan, consult and deliver sustainable services and a more efficient use of staff and councillor time.

With this this in mind the Council should establish

- A A Facilities and Asset Management Committee
- B The clerks to bring to the first meeting a draft term of reference for consideration
- C The Council should then dissolve the following:
 - General Purposes working party
 - Allotments working party
 - Ryde in Bloom working party
- D Absorb the responsibilities of the above working parties into the Facilities and Asset Management Committee
- E If the above is agree the Council will need to agree the membership of the Management Committee. It is suggested this should comprise 8 members.

Budget Implications

Staff time for supporting

Legal Powers

Standing order 29
